

## FLIP IT 4 RESPECT

The goal is to assemble a team to spread the awareness “4 RESPECT” across the country, one step at a time. Our ultimate goal is to go organize and complete a run/walk from Death Valley National Park, California to Mount Beacon, New York on foot in 40-50 days.

To run/walk across the country educating myself and others on the importance of our human rights. The importance of what they are and our responsibility to uphold them for ourselves and others.

# FLIP IT 4 RESPECT

## MISSION

Our objective is to spread awareness 4 RESPECT.

We want to build a movement to help achieve the vision of awareness “4 RESPECT” for the entirety of the human race. As an organization, Flip It 4 Respect, wants to inspire and ignite LOVE for ALL starting with ourselves 4 us ALL, from darkness to light, as we strive to teach and educate respect for ourselves, and our global community through action. Our goal is to Flip It 4 RESPECT, to flip from darkness to light, one step at a time. We start with honoring and respecting ourselves, to sharing respect for each individual we encounter. Flip It 4 RESPECT goal is to bring awareness to the choices we each have and encourage the WHOLE country to choose LIGHT, LOVE, and RESPECT over darkness, fear, and disrespect.

We are a group of everyday engaged citizens who are using their collective voice to spread the message, that we all deserve the basic human right of RESPECT. We want to act on these issues, as part of a global community, committed to lasting change.

There are 30 human rights defined in The Universal Declaration of Human Rights, a United Nations document accepted worldwide. We know that human rights, are every person’s birthright, but unless individuals are aware of these entitlements, they can easily be taken from us.

We have the responsibility as a society, to give, receive, learn, teach, model and request RESPECT for ALL humans, at ALL times, in ALL situations. All humans include ourselves, relatives, acquaintances, and friends we haven’t met yet, with no distinction based on race, color, sex, religion or sexual orientation. Everyone is entitled to all these rights and freedoms.

All human beings are born free and equal in RESPECT and dignity. All humans are endowed with reason and conscience and should act towards one another in a spirit of LOVE.

Promoting something as simple as treating people the way you would like to be treated. Scratch that,
